### 2024-2025 - pegatron(employee - Analysis Engineer)

- Analyzed and monitored production and repair processes to ensure high-quality outputs and collaborated with the repair team to troubleshoot and resolve hardware/software issues efficiently.
- Maintained detailed records of repaired devices, employee activities, and workflow data to provided analytical insights to optimize repair processes and reduce downtime.
- Prepared reports and documentation for easy to track team performance and repairs.

### 2024-Lecturer (Computer Science & Engineering)

Delivered lectures and practical sessions on core computer science subjects, managed and maintained academic records and student attendance and Assisted in curriculum planning, examinations, and assessment processes.

## TECHNICAL SKILLS

- Programming Languages : Core Java, Basic C, Basic .net c#
- Web Technologies: : HTML, CSS
- Database : MySQL, SQL
- Tools : Basic MS Word, Excel, Power point
- Other : Problem-solving, Teamwork

## PROJECTS

---

### STUDENT MANAGEMENT SYSTEM

- Designed and developed a system for maintaining student academic records and attendance.

### VEHICLE PARKING MANAGEMENT SYSTEM

- Built a database application to automate parking slot allocation and vehicle tracking.

### POST AUTOMATION

- Maintained and updated staff records, ensuring accuracy and confidentiality. digitized paper-based staff files and stored them in a secure database. Generated reports and summaries for administrative use. Assisted in implementing efficient record storage and retrieval systems

## CERTIFICATIONS

---

### Java Course

- Shias Info Solutions Pvt. Ltd. | Aug 2022

## ACHIEVEMENTS

---

### Certificate of Participation

- Regional Finals, Uimage Chennai Tech Showcase '23, Madurai (03/2023)
- Represented college in IPAA Divisional Tournament for Women

## LANGUAGES KNOWN

---

- English : Proficiency
- Tamil : Proficiency
- Telugu : Native Proficiency
