1. Project Scope

A fully responsive, modern website designed to showcase the Swayam Krushi Agri Tourism and Theme Park experience. It will feature the following pages and sections:

- Home / Landing Page
- About Us (Highlighting the Farm Life & Theme Park experience)
- Gallery (Images & Videos of the park/farm)
- Contact Us
- **"Book My Visit" Integration:** A prominent call-to-action button that directly opens a WhatsApp chat for instant bookings and lead capture.

Note: All textual content across the website will remain static.

2. Deliverables

- Fully designed, themed static website
- Mobile-friendly responsive UI
- SEO-ready structure
- WhatsApp API link integration for "Book My Visit"
- Dynamic media module (Only applicable if Option 2 is selected)

- Deployment support
- 1 month free post-launch support

3. Content & Media Integration Approach

The website will be built to visually immerse visitors in the Swayam Krushi experience:

- A clean, scroll-friendly layout optimized for showcasing farm and theme park visuals.
- Lightbox-style image and video viewing for the gallery.
- **For Option 1:** All images and videos will be hard-coded into the static site.
- **For Option 2:** A lightweight backend/dashboard will be provided specifically to allow you to dynamically edit, add, or remove images and videos of the park as needed.

4. Technology Used

HTML, CSS, JavaScript, Tailwind / Bootstrap (with a lightweight CMS for media if Option 2 is selected).
